

## Museum and Lisboa Botanical Garden (JBL) - Specific Provisions

- Concerning the Museum and the Lisboa Botanical Garden, members or visitor of the community in quarantine, for having been in regions where active transmission of the COVID-19 exists or because they present symptoms that make them suspicious cases, should communicate by e-mail the Museums and Tropical Research Institute Support Office Director. (*vtor.lucas@reitoria.ulisboa.pt*).
- Any member of the community or visitor of the Museum and JBL, with signs or symptoms of COVID-19 and epidemiological connection, or those who identify a member of the Academic Community with criteria compatible with the definition of a suspicious case, should inform the ones responsible for the Contingency Plan, by telephone: **(962 059 813 / 913 965 201/ 965 728 325)**.
- The **isolation room** for the Museum and JBL is located on **Floor 1**, of a **building called Anexo**, in **Room 114**, with use, if needed, of the toilet in front.
- The **Contingency Plan Team** for the **Museum** and **JBL** areas is composed by the following co-workers, who, if needed, should be contacted by the following order:
  - o **Vitor Lucas** - Coordinator of the Museum and Tropical Research Institute Support Department  
**(962 059 813)**;
  - o **Diana Carvalho** - Education and Exhibitions Unit  
**(913 965 201)**;
  - o **César Garcia** - Coordinator of the Gardens Unit  
**(965 728 325)**;
- In the isolation room there is a **diagnostic survey** that must be filled for suspect cases of infection by COVID-19.
